The winner of the 8.5 furlong Saranac Stakes in R10 run on the turf on opening day at Saratoga was the **#2 HEEERE'S JOHNNY (\$32.22)** handicapped right on TOP by the powerful **Trackpro Value Rating (TPV)** algorithm! What a fantastic **TPV** selection, and ride by jockey Jamie Rodriguez who rode this three year old colt sired by OSCAR PERFORMANCE to a perfect come from behind victory, as can be seen in

the Daily Racing Form result chart below:

Last Raced	Horse	M/Eqt.A. Wt	PP	St	1/4	1/2	3/4	Str	Fin	Jockey	Odds \$1
23May26 6BAQ ⁵	Heeere's Johnny	b 3	120	2	11	11	11	11	9th	Rodriguez J	15.11

In the past performances show above, notice the Late Pace (LP) figure of **100** last race which was a full fifteen points above the Late Par figure of (**85**) for this race shown below in the Brisnet past performances:

	E1	E2/LATE	SPEED
PARS:	87	90/85	90

And not only that, notice the **#2 POWER RATING (PR)** showing in the **Trackpro** report above, in addition to the **TPV** rating at **2.21** which towered over the second selection by thirty-six points! A perfect example of how the **TPV** finds overlooked horses for subscribers! **Trackpro subscribers can do very well by just sticking to the top two handicapped selections on the card on most days!** Any horse listed in the top two selections with a morning line in the double digits should be given a very close look for sure, and especially if the horse is marked as one of Trackpro's **SPECIAL BETS!**

The winner of R4 on Sunday, July 5th at Saratoga was the #5 NEIGH BABY (\$31.72) marked as a **SUPER VALUE WIN BET (SV)**! Once again, notice the top ranked POWER RATING (PR) figure which clearly indicated this three year old colt sired by OMAHA BEACH had what it takes to win the race versus the overall field. And also notice the PEDIGREE Handicapping Tools, and Trainer

Statistics showing in the **Trackpro** report above. Trainer Jeremiah Englehart wins at a solid **20.95%** clip in *Maiden Special Weight* from a 148 race sample size. And notice the *Rte to Sprint* win percentage of **21.88%** for this trainer. Racing fans tend to shy away from handicapping horses that have not broken their maiden after five or six starts, referring to them in private conversations as so called “proven losers”. But this is complete nonsense in my opinion. Giving up on a well bred young thoroughbred after just five or six starts can cost racing fans, and even professional handicapper's a pretty penny! The winner #5 NEIGH BABY (\$**31.72**) finished in the money in four of his six career starts which works out to an in the money percentage of **67.00%**! Note the race two back in the past performances shown above run at seven furlongs where this well bred colt lost by just under two lengths registering a very impressive **85** Brisnet speed rating. When a horse has bloodlines that include sires like OMAHA BEACH, WAR FRONT, and INTO MISCHIEF, it makes sense to take a close look does it not? It sure does if only from a pedigree perspective for sure, regardless of the number of starts the horse may have had. Class is probably the most important handicapping factor to take into consideration when looking to uncover longshots in the past performances, and this is precisely why the **TPV** algorithm gives pedigree a prominent role in the handicapping process. In fact, the **TPV** reports are probably worth every penny just for this one handicapping factor alone. The Brisnet Pedigree ratings are truly outstanding in my opinion, and are responsible for plenty of longshots listed in the **Trackpro** Daily Handicapped reports!
